21 members who play in the roll up then sat down to an excellent 3 course Spanish prepared by our Andalucian chef Carlos and Erika.

Then the porron was passed around, here demonstrated by Carlos.

After dinner the challenge was to track down those criminals who are believed to be living in Spain and are wanted by the National Crime Agency and Spanish Law Enforcement. Each member was armed with a Nerf gun and 6 bullets to see how may criminals they could detain.

Help bring the UK's Most Wanted in Spain to justice.

A new appeal has been launched to locate and bring to justice the UK's Most Wanted fugitives who are believed to be hiding in, or have links to, Spain.

The offenders, all men, are wanted for crimes including murder, drugs offences and money laundering.

This campaign Operation Captura, is a joint initiative led by the National Crime Agency (NCA), Spanish law enforcement and Pyecombe Golfers.

There was a shoot out with Dan Reed proving to be the best at apprehending the criminals beating Paul Drake. They deservedly collected the bounty and reward.
